BALANCE THERAPY ORDER FORM

BIOMECHANICAL SERVICES

The *Balance Sandal* is an excellent tool to introduce stability while walking. A patient takes small steps while wearing the sandal, and the energy required to maintain balance activates the gluteal and stabilizing muscles of the pelvic.

These sandals feature adjustable straps with a durable hemispere on the base of a cork bed sandal.

Available in Women's sizes 7 -- 12.5 and Men's sizes 8 -- 13.5

Cost: $34.95 per pair

Shipping & Handling $6.00 1st pair. $1.00 each additional pair.

The *Rocker Board* is a great tool for basic balance training as well as for improving range of motion to help in restoring stability and proprioception.

Recommended for the beginning and intermediate phases of balance training, warm-up squats and senior use.

Cost: $34.95 each

Shipping & Handling $9.50 each board.

Complete and fax this form to 714.990.4060 or Call 800.942.2272
