Balance Sandals are an excellent tool to improve stability while walking. A patient takes short steps while wearing the sandals. Muscle integration required to maintain balance requires small muscles activation in the foot, facilitating proper sequence integration of leg and gluteal muscles into the pelvis.

These sandals feature adjustable straps with a durable rubber hemisphere on the base of a cork bed sandal.

Available in:
Women's sizes 7 -- 12.5 Men's sizes 8 -- 13.5

Cost: **\$62.95** per pair
Shipping & Handling \$10.00 1st pair. \$1.00 each additional pair.

The **Rocker Board** is a great tool for basic balance training as well as for improving range of motion while restoring stability and proprioception.

Recommended for the beginning and intermediate phases of balance training, warm-up squats and lunges.

Cost: **\$49.95** each
Shipping & Handling \$15.00 each board.
